Class schedule

10 November - 25 December 2026

A typical week

Tuesday	Wednesday	Thursday	Friday
10:00 Computer Networks Architecture and Operating Systems	**10:00** Mathematical and Numerical Methods	**10:00** Automata Computability and Complexity	**09:00** Java Development Fundamentals
11:45 Computer Networks Architecture and Operating Systems	**11:45** Mathematical and Numerical Methods	**11:45** Automata Computability and Complexity	**10:45** Development Process and Tooling Foundations
		13:45 System and Object-Oriented Programming	
		15:30 System and Object-Oriented Programming	

No classes on Monday, Saturday or Sunday.

Good to know

- **System and Object-Oriented Programming moves to Thursday.** It ran on Wednesdays (28 Oct, 4 Nov) and is listed on Thursdays from 12 Nov.
- **Wed 18 Nov has no classes** (it is a public holiday in Latvia), so there is no Mathematical and Numerical Methods that week.
- *** Check Thu 12 Nov, 15:30.** This slot was cut off at the bottom of the screenshot. It is shown because every other Thursday has the same 15:30 class.
- **Fri 25 Dec lists only Java Development Fundamentals.** Nothing is listed after 25 Dec (the site showed empty weeks up to 10 Jan).
- Only start times appeared on the schedule page. Room numbers, lecturers and end times were not visible, so they are not included.

Day by day

WEEK OF 9 - 13 NOV		
Tue 10 Nov	**10:00**	Computer Networks Architecture and Operating Systems
	11:45	Computer Networks Architecture and Operating Systems
Wed 11 Nov	**10:00**	Mathematical and Numerical Methods
	11:45	Mathematical and Numerical Methods
Thu 12 Nov	**10:00**	Automata Computability and Complexity
	11:45	Automata Computability and Complexity
	13:45	System and Object-Oriented Programming
	15:30 *	System and Object-Oriented Programming
Fri 13 Nov	**09:00**	Java Development Fundamentals
	10:45	Development Process and Tooling Foundations
WEEK OF 16 - 20 NOV		
Tue 17 Nov	**10:00**	Computer Networks Architecture and Operating Systems
	11:45	Computer Networks Architecture and Operating Systems
Wed 18 Nov	*No classes listed (public holiday in Latvia)*	
Thu 19 Nov	**10:00**	Automata Computability and Complexity
	11:45	Automata Computability and Complexity
	13:45	System and Object-Oriented Programming
	15:30	System and Object-Oriented Programming
Fri 20 Nov	**09:00**	Java Development Fundamentals
	10:45	Development Process and Tooling Foundations
WEEK OF 23 - 27 NOV		
Tue 24 Nov	**10:00**	Computer Networks Architecture and Operating Systems
	11:45	Computer Networks Architecture and Operating Systems
Wed 25 Nov	**10:00**	Mathematical and Numerical Methods
	11:45	Mathematical and Numerical Methods
Thu 26 Nov	**10:00**	Automata Computability and Complexity
	11:45	Automata Computability and Complexity
	13:45	System and Object-Oriented Programming
	15:30	System and Object-Oriented Programming
Fri 27 Nov	**09:00**	Java Development Fundamentals
	10:45	Development Process and Tooling Foundations
WEEK OF 30 NOV - 4 DEC		
Tue 1 Dec	**10:00**	Computer Networks Architecture and Operating Systems
	11:45	Computer Networks Architecture and Operating Systems
Wed 2 Dec	**10:00**	Mathematical and Numerical Methods
	11:45	Mathematical and Numerical Methods
Thu 3 Dec	**10:00**	Automata Computability and Complexity
	11:45	Automata Computability and Complexity
	13:45	System and Object-Oriented Programming
	15:30	System and Object-Oriented Programming
Fri 4 Dec	**09:00**	Java Development Fundamentals
	10:45	Development Process and Tooling Foundations

WEEK OF 7 - 11 DEC		
Tue 8 Dec	**10:00**	Computer Networks Architecture and Operating Systems
	11:45	Computer Networks Architecture and Operating Systems
Wed 9 Dec	**10:00**	Mathematical and Numerical Methods
	11:45	Mathematical and Numerical Methods
Thu 10 Dec	**10:00**	Automata Computability and Complexity
	11:45	Automata Computability and Complexity
	13:45	System and Object-Oriented Programming
	15:30	System and Object-Oriented Programming
Fri 11 Dec	**09:00**	Java Development Fundamentals
	10:45	Development Process and Tooling Foundations
WEEK OF 14 - 18 DEC		
Tue 15 Dec	**10:00**	Computer Networks Architecture and Operating Systems
	11:45	Computer Networks Architecture and Operating Systems
Wed 16 Dec	**10:00**	Mathematical and Numerical Methods
	11:45	Mathematical and Numerical Methods
Thu 17 Dec	**10:00**	Automata Computability and Complexity
	11:45	Automata Computability and Complexity
	13:45	System and Object-Oriented Programming
	15:30	System and Object-Oriented Programming
Fri 18 Dec	**09:00**	Java Development Fundamentals
	10:45	Development Process and Tooling Foundations
WEEK OF 21 - 25 DEC		
Tue 22 Dec	**10:00**	Computer Networks Architecture and Operating Systems
	11:45	Computer Networks Architecture and Operating Systems
Wed 23 Dec	*No classes listed*	
Thu 24 Dec	**10:00**	Automata Computability and Complexity
	11:45	Automata Computability and Complexity
	13:45	System and Object-Oriented Programming
	15:30	System and Object-Oriented Programming
Fri 25 Dec	**09:00**	Java Development Fundamentals
